

# COMMUNITY HELPERS

## Family Homework Sheet

Please take a few minutes to fill out this sheet with your child for all of the adults in your home (feel free to use more than one sheet). We will be using the information we collect from all of our families for sorting, graphing, counting and comparing activities throughout the month. Not only are these important pre-reading skills, but this exercise will help your child see you as important member of our community!

- Color yourself in — Do you like your job? If so, color a smiley face. If not, a frown.
- Fill in your child's name and circle if you are a maker or a doer. A maker is a worker who makes a product. A doer is someone who performs a service.
- Note whether you wear street clothes or a specific uniform or if you need protective gear.
- Discuss your job with your child and fill in what you exactly do at work each day.
- Please send us a photo of you at work. If you use any distinctive tools to accomplish your job, we would love the actual tool to share or a photo to display in our Community Helper Museum.  
Please share any other brochures or information that you think the children would find interesting
- Are you available to come in for a short "show & tell" to share your job with the children?
